Conditions for Geocache Placement

- Geocaching is considered an acceptable outdoor recreational activity for most Waukesha County Park System properties. **Geocache placement restrictions can be found in the document "GEOCACHING REGULATIONS ON WAUKESHA COUNTY PARK SYSTEM PROPERTY," which can be found at (www.waukeshacountyparks.com).** As always, the placement of a geocache shall conform to all applicable Waukesha County ordinances. **An approved permit is required from the Waukesha County Park System before a cache can be placed on Waukesha County Park System property.**
- Waukesha County Park System reserves the right to terminate this authorization for placement of a geocache container on Waukesha County Parks' land for any reason at any time. Waukesha County Park System agrees to make a reasonable effort to contact the geocache placer prior to termination of this approval to allow the placer to remove the geocache or move it to a new location. If the Waukesha County Park System is unable to contact the geocache owner/placer after a reasonable effort, Waukesha County Park System staff may remove the geocache.
- A geocache shall not be placed in areas that the Waukesha County Park System determines cannot tolerate human traffic or disturbance to the flora or soil. Such areas include, but are not limited to, stream banks, riparian zones, wetlands, prehistoric and historic archaeological sites, unique geological features, or unsafe areas.
- Cache Placement must be approved by Park System Conservation Biologist through the Park Program Specialist.
